

WHAT IS AT THE HEART OF BEACH BEACON?
VBBBC Prayer Card - 15
Selected New Testament Scripture

Facts about the human heart:

- Every day, your heart beats about 100,000 times. (**36,500,000 annually**).
- Sending 2,000 gallons of blood surging through your body.
- Although it's no bigger than your fist, your heart has the mighty job of keeping blood flowing through the 60,000 miles of blood vessels that feed your organs and tissues.
- You're more likely to have a heart attack on Monday morning than at any other time of the week
- Heart disease is the biggest killer of both men and women.

Using a stethoscope, your doctor will listen for changes in rate and rhythm, increased size, or abnormal sounds such as murmurs or extra heart sounds.

Let me challenge you with this thought today, what if God took His stethoscope and put it to the heart of Beach Beacon what would He hear?

That brings us to our 2019 Beach Beacon Prayer Card.

- This is our 15th Prayer Card.
- Why, back in 2004 God placed in me a passion that our Church Family would pray together over certain prayer request for us as a congregation.
- Over the years we have seen God do great and mighty things through our cooperative prayers.

In 2018 we looked at **Romans 12:10-13**.
